

# BRIEF TO THE PEOPLE OF SOUTH DEEP

Weekly update 31 August to 4 September 2020

Benford Mokoatle  
VP: South Deep

# LET'S TALK

Exceeding our targets

## Colleagues

This year has presented us with many challenges, and I am constantly encouraged by how our people have risen to the occasion to face these head-on. Time and time again, we have demonstrated how we are living our values and working hard to achieve our shared purpose of South Deep being a Beacon of Pride.

Your tremendous effort in August has resulted in us exceeding target on almost all of our key performance indicators, against our revised (post COVID-19) business plan. Well done! We appreciate how you have pulled together to achieve these results. ▶
