

BRIEF TO THE PEOPLE OF SOUTH DEEP

8 April 2020

Benford Mokoatle
VP: South Deep

LET'S TALK

Stay safe. Stay home

Colleagues

We have been really pleased to be able to connect with so many people in the last few days over our new WhatsApp line. There are some colleagues we have not been able to reach because we do not have their WhatsApp numbers. If you know of them, please suggest to them that they call the hotline on the numbers provided below to give their WhatsApp and industry numbers.

By now we have also connected with the 200 people who have won airtime. We will be sharing prizes and rewards through this platform in future.

Not only did we want to share information with you, but we wanted to find out how you are doing. Almost 430 people completed the survey. This is what you told us:

- 96%** agree (strongly/somewhat agree) that they are happy with the communication from South Deep on COVID-19
- 94%** agree (strongly/somewhat) that they understand why we need the lock down
- 88%** agree (strongly/somewhat) that they feel hopeful for the future
- 84%** agree (strongly/somewhat) that they feel proud to be South African

We share your hope and pride, and we are looking forward to beating COVID-19 together.

Some people asked us questions or sent us comments.

Remember that to get direct answers quickly you can call our hotline on: 072 512 9753 or 072 649 8255. It is operational Monday to Friday from 08H00 to 10H00 and 15H00 to 17H00. More information can also be found on our Facebook page.

Finally, we are planning a resumption of work on the morning of 17 April 2020. We will provide more detail early next week, but rest assured that a return to work will coincide with strict hygiene and testing protocols. If this changes we will let you know.

Stay safe. Stay home
